2013 ANNUAL REPORT
HUMAN DEVELOPMENT PROJECTS

Educational Support
...to provide greater access to affordable quality education for rural communities in Tana River, Lamu and Kilifi counties in Kenya, by better enabling the learner while improving their learning environment.

Sustainable Agriculture
...to improve household nutrition and food security, while providing an excellent “classroom” for teaching positive values and basic management skills.

Entrepreneurship
...to help members of rural communities overcome challenges through business activities, empowering people to help themselves with greater dignity.

Integral Formation
...to mentor and form rural youth to become responsible, honest and generous adults, providing leadership based on good judgement and conscience for their communities.

Scaling Up - Emmaus Centre
...to provide a platform for scaling up TRLF development initiatives to cover a broader geographical area and give more depth, value and sustainability to the human development assistance to rural communities in the Tana Delta and beyond.
